

TARRAQI I FOUNDATION Tarraqi GAIN Center Supported by IMEFNA

TGC organised a motivational & guidance workshop on 11th Oct 2015 at e-Disha Centre, MDA Campus, Nuh for IIT-JEE aspirants from Mewat, Haryana. It was facilitated by Mr. Arish Inam (IIT Kharagpur Alumuni) presently senior Physics faculty at PACE IITians, Mumbai.

Around forty students of 9th to 12th standard from different schools and two science teachers attended the workshop. Mr. Amir Abidi, Director- Tarraqi I Foundation welcomed everyone, shared the mandate of TGC and introduced the facilitator, Mr. Arish Inam.

Mr. Inam, citing the example of the evolution of the camera, started the session stressing the importance of technology in today's world. Students at the outset got hooked as the subject was of great interest to them. It was the first time that they attended such a workshop and participated enthusiastically answering questions and raising their own.

Engaging the students with interesting examples such as distance between various planets and how today a robot from Mars give us information, Mr. Inam unravelled the application of physics and technology. He demystified IIT-JEE exam and its preparation and gave tips on how to prepare for the exams, guiding students on time management.

He also asked questions to which many students responded fairly well. The students also asked many questions - about the phenomena of Mirage, temperature coefficient of resistivity, parallel and series connection in current, etc.

Students and teachers were keen to have more of such workshops soon. Many expressed their interest in joining the Tarraqi GAIN Centre and gave thanks to TiF for such a wonderful workshop.
